

a Miracle in Metals

You'll never know how easy cooking can be until you try the Revere "waterless" way. These Revere Ware "Kitchen Jewels" heat up quickly and evenly. Precious vitamins and minerals are preserved to bring extra health to your family. These utensils are easy to keep silvery and bright. And of course they're practically indestructible. You can't burn a hole through them. They won't rust, pit or stain. And there's a complete line of the Revere Copper-Clad Stainless Steel beauties—saucepans, skillets, Dutch ovens, coffee percolators, double boilers, saucepots—to help make your cooking more tantalizing, and to save you time, trouble and costly fuel.

REVERE COPPER AND BRASS INCORPORATED,
Rome Manufacturing Company Division, Rome, N. Y.

P.S.

Like all good things, Revere Ware is imitated. To make certain you get genuine Revere Copper-Clad Stainless Steel utensils, look for the trade-mark in the extra thick copper bottom. Watch for new items at your dealers.
