# Introducing REVERE'S newest **Patio Ware**

## COPPER CLAD STAINLESS STEEL UTENSILS

All the practical features of copper clad stainless steel have been merged with a new beauty and smartness to produce a completely new idea in cooking utensils. Made of extra heavy gauge stainless steel and clad with thick copper bottoms, Patio Ware is a rugged, smartly designed line for those who prefer suburban and country living. Created for outdoor cooking Patio Ware is fitted with stainless steel handles — long cool tubular safety grip handles on the flared skillets — loop handles on the covers and bodies of the sauce pots. Revere Patio Ware again demonstrates the style alertness and practicality that has made Revere Ware the "World's Finest Utensils." Patio Ware styles and sizes now available are 6½", 8½", 10½", 12½" open flared skillets, 8 quart, 1½ quart covered sauce pots.

All utensils come individually packaged in a beautiful Patio Ware knotty pine shipping carton.

### OPEN FLARED SKILLETS
